

ReOpening Plan-Update

Thank you everyone who has been faithfully following our ReOpen Plan! As we have shared from the beginning this is a living document. This past week the Leadership Team has made the following adjustments to the document.

- Starting Sunday, September 6th, preregistration is no longer required and the fellowship hall will have a simulcast video and audio feed from the sanctuary. This means that the first 50 people who arrive on Sunday morning will be attending worship in the sanctuary. The next 50 people will be attending worship in the fellowship hall. The ReOpen plan provides additional details.
- Our preschool, Learning Path Preschool (LPP), is following and exceeding all of the state guidelines for preschools to open during this time. **For the safety of the children and for compliance with the state guidelines groups will not be able to meet in the church building from 8-4 Monday through Friday while the preschool is in session. Unfortunately, this also includes people who would like to stop by the church office or building during those times also.** The Leadership Team in advance thanks everyone for helping with the safety of the children and the state guidelines. Anyone needing to be in the building while the preschool is in session must call the church office and arrange your arrival in advance accordingly.
