"I am honored and humbled to contribute to the Fellowship Fund. The care my grandparents received was outstanding and always given with love and a smile. It is because of the great care they received, that I give, so that others may experience that same care."
— Mark K. and family

WALK with a PURPOSE...

United Methodist Homes provides compassionate, caring service to 1,300 senior men and women in 10 communities.

Our tradition of excellence dates back 100 years when our founders made a promise:

"No resident will ever be asked to leave due to inability to pay the total cost of care."

That promise has been kept with the generous help and contributions of individuals, organizations, churches and businesses.
