

Does anyone need to experience peace today? What is keeping you up at night? I am sure that during this time of pandemic that there are 'just a few things' that you need peace regarding. How wonderfully amazing it is that after the Resurrection that Jesus multiple times said to people "Peace." Even while He was preparing the disciples for his crucifixion, He was offering them Peace. If Jesus is the Prince of Peace (Isaiah 9.6) than take your fears, concerns, and uncertainties to Him today! I look forward to worshipping with you this Sunday at 10 am.

In Christ
Pastor Derrick
KCC

P.S. - This Sunday, immediately following worship, we are having another drive through, wherein you can pick up a flower for Mother's Day, the Upper Room Devotional book, communion elements, and drop off your tithes and offerings.
